Founded in 1959, the purpose of this club is the preservation and enjoyment of all antique, classic, vintage and special interest vehicles and all relevant historical materials pertaining thereto; and to encourage and promote the social aspect of camaraderie found among fellow members, their families and friends who share those interests.

Meetings are held at 7:30 pm on the second Tuesday of the month except July and August, at

THE HANGAR FLIGHT MUSEUM OF CALGARY
4629 MCCALL WAY N.E., CALGARY

This newsletter is published in an effort to keep the membership and fellow organizations, apprised of club activities along with information of interest.

The Alberta Pioneer Auto Club will not be held responsible nor liable for any actions arising out of the use of this publication, as an advertising forum. Permission is granted to copy the contents of this newsletter, with proper credit given, unless otherwise restricted or specified.

September/October have been two **outstanding** months as the autumn seasonal change slowly ushers itself in. We are all extremely fortunate to be in the company of an extended summer, giving more time to enjoy fall color tours and nice weather weekend drives into the foothills and mountains. By comparison, we have had several Snowtember's in the past few years where we were mired in 18" plus of snow and temperatures that dipped and remained around -20.C for a few weeks...remember that? Well, spoiler alert...it is coming in short order so it's time to establish a date to prepare the ride(s) for winter storage **BEFORE** the white stuff is upon us.

A fresh oil and filter change is a great start to the checklist. Checking the rubber radiator hoses heater hoses, water pump bypass hoses for blisters or soft spots and replacing them now will avoid a burst hose scenario when the first spring trip comes in April. Also testing the antifreeze for at least -45.C protection is a good idea. If the antifreeze is more than 5 years old then its time to change it too! Make sure your new antifreeze is compatible with ALL systems as noted on the label. Air filters, crankcase breathers and PCV valves should be examined and replaced as required. Its also wise to check your front flexible brake hoses for cracks or seepage and replace both at the same time...brake failure is NOT an option!

Parking the car on wooden or carpet pads under the tires will eliminate flat spotting and or sticking to the concrete floor or the paint. Make sure tire pressures are inflated to recommended levels. Clean the goldlines, redlines or whitewalls **BEFORE** you put the car away!

The last two most important maintenance tips are: fill the gas tank with you favourite blend and add the appropriate amount of Sta-bil to keep things fresh for the spring start-up. Then, disconnect your battery cables. **DO NOT** put a battery tender on the car over the winter as your insurance coverage may be voided in the event of a short out and fire. Alternatively, remove the battery and keep it on the workbench in the basement...the warmth will do it good until the spring!

Drive safely and enjoy the fall while its here,

Keith

Meeting Call to order Date: Sept., 13th, 2022 | 7:40pm | Hangar Flight Museum

President	Keith Robertson	Raffle Tickets	Darren Weidner
Vice President	Fran Tomlinson	Tours & Events	Open
Secretary	Neil MacDonald--	Hearts & Flowers	Grace & Allan Solberg
Treasurer	Anne Harding	Membership	Mark Tomlinson
Editor/Webmaster	Richard Bellaart	Facebook page	Sue MacKenzie

Attendees (22 members)

Motion to accept the minutes of the last meeting as printed in the newsletter made by Al Riise, 2nd by Howard Hepburn. Carried

Treasury report given by Anne Harding. Motion to accept made by Lynne Thornton, 2nd by Bob Hamshaw. Carried

Membership report - Mark Tomlinson. Three new memberships received bringing total to 82 to date.

Tours & Events – Season has pretty well wrapped but Keith will have Lynne Thornton look into the High River clubs Drive In movie venue for more information on having a club movie night out there.

Editor report – Richard Bellaart. Thanked everyone for their contributions, jokes and ads.

Hearts & Flowers – Allan/Grace. Cards were sent to Lynne and Bob wishing them a speedy recovery.

SVAA update – Bob Hamshaw/Al Riise – Oct. 8th SVAA meeting Red Deer Quick Times swap meet

Advertising – Keith Robertson – All accounts are completed and closed for 2022.

Facebook page – Sue MacKenzie. All information up to date.

Old Business – None to discuss at this time

New Business – Lynne Thornton reminded everyone of the River City Classics S&S coming Sept 25th.

A Christmas party date has been blocked with the Forest Lawn Legion for Dec. 3rd. Any club members who wish to volunteer to host the event please let the executive know by the Oct. meeting otherwise the reservation will be released to another group.

Voting will take place for the Hugh Murray and Gord Watt Memorial Awards at the Nov. 8th meeting. Please give consideration to who you feel is/are deserved recipients in recognition of their service and contributions to the benefit of the club and its members.

A reminder that elections will be held December 13th, 2022. All executive positions, several volunteer committee positions and the newsletter editor will be open for new individuals to get involved and make a difference in the club. A nominating committee chair still needs to come forward to manage the election and candidates.

Members questions/comments/discussion

Adjourn 8:06 pm. Tonight's 50/50 winner – Bob Hamshaw

Next Club meeting will be held on Tuesday, November 08th, 2022 at 7:30 pm.

VEHICLE REGISTRATION DEADLINE NOTICE

The month when your vehicle registration is up for renewal depends upon your last name. To find the expiry month of your vehicle(s), find the first letter of your last name.

SVAA EVENT CALENDAR

<https://www.svaaevents.info>

Membership director Mark Tomlinson presents Gord Van Vliet with his 5 year pin! Congratulations Gord!

Eileen Jean Jewell

It is with great sadness that the family of Eileen Jean Jewell announce her passing on Friday, September 16th, 2022.

Eileen will be lovingly remembered by her husband, Art Jewell, her sister Marian Williams, nephew Don Tims (Victoria), niece Susan Raven (Bernie), her many great-nieces and nephews and many good friends.

Eileen was predeceased by her parents Arne and Alfhild Tveit, her sister-in-law Beryl Tims, brother-in-law Dr. R. G. "Bud" Williams, her niece Barbara Stillings and great-niece Alicia Raven.

Eileen was a drafting instructor at

SAIT for many years where she made numerous, good friends. Both Eileen and Art were very involved with various car clubs and enjoyed many social events over the years. Once retired, Eileen and Art travelled to many wonderful places and have very fond memories. Eileen will be missed by everyone who knew her. She was a bright, cheerful person who always cared about others. A Funeral Service was held at Foster's Garden Chapel, 3220 - 4 Street N.W., Calgary, Alberta (across from Queen's Park Cemetery) on Monday, September 26, 2022 at 2:00 PM.

It's time to renew your membership!

2023 Club Dues are now being accepted. There are three ways to submit your dues for 2023:

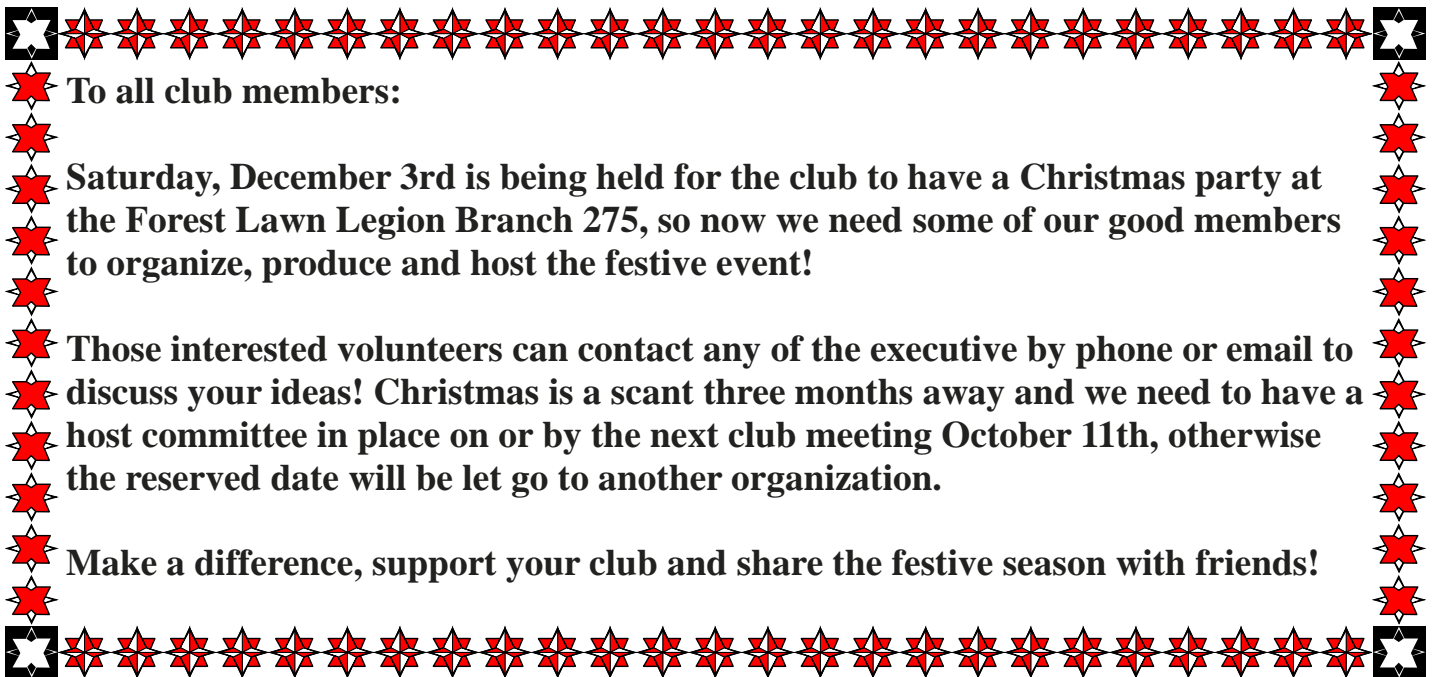

1. In person at the club meetings
2. On-line banking e-transfer to the club's email address at apac.calgary@gmail.com

or

3. Mail a cheque to the club mailbox:
PO Box 111, Station M, Calgary AB T2P 2G9

And one more important thing...

Though we just printed a new roster in 2022, it's never too early to send any member updates (changes in addresses, phone numbers, email addresses, new cars in the fleet) to your friendly neighbourhood membership director along with your dues!

To all club members:

Saturday, December 3rd is being held for the club to have a Christmas party at the Forest Lawn Legion Branch 275, so now we need some of our good members to organize, produce and host the festive event!

Those interested volunteers can contact any of the executive by phone or email to discuss your ideas! Christmas is a scant three months away and we need to have a host committee in place on or by the next club meeting October 11th, otherwise the reserved date will be let go to another organization.

Make a difference, support your club and share the festive season with friends!

Estate Sale Notice

October 15 & 16

To all club members:

The family of Orest & Carole Kitzul will be holding an estate sale October 15 & 16 from 9:00 am to 5:00 pm. Location address is 292233 Twp. Rd. 264, Rocky View County, AB. T4A 0N3.

Items for sale include antiques and collectibles, furniture, art, vintage items/toys, various household items and some mens antique clothing and hats. Car club members may also be interested in the antiques, tools and car memorabilia from Orest's shop.

For more information or inquiries please contact April Kitzul (cel) 604-609-0895.

CROWS

Suggested by Lynne Thornton

A fact you won't soon forget:

Researchers for the Massachusetts Turnpike Authority found over 200 dead crows near greater Boston recently, and there was concern that they may have died from Avian Flu.

A Bird Pathologist examined the remains of all the crows, and, to everyone's relief, confirmed the problem was definitely NOT Avian Flu. The cause of death appeared to be vehicular impacts.

However, during the detailed analysis it was noted that varying colors of paints appeared on the bird's beaks and claws.

By analyzing these paint residues it was determined that 98% of the crows had been killed by impact with trucks, while only 2% were killed by an impact with a car.

MTA then hired an Ornithological Behaviorist to determine if there was a cause for the disproportionate percentages of truck kills versus car kills.

He very quickly concluded the cause: When crows eat road kill, they always have a look-out crow in a nearby tree to warn of impending danger.

They discovered that while all the lookout crows could shout "Cah", not a single one could shout "Truck."

A LITTLE POPULATION STATISTICS

suggested by Lynne Thornton

THE EARTH'S POPULATION STATISTICS PUT INTO PERSPECTIVE

The population of Earth at this minute is constantly changing, but it's around 7.9 billion at this very second. Check it out @

[World Population Clock: 7.95 Billion People \(2022\) - Worldometer \(worldometers.info\)](http://worldometers.info)

For most people, this is an unfathomable figure. However, if we condense that 7.9 billion into 100 persons, and then condense it further into various percentage statistics, the resulting analysis is relatively much easier to comprehend.

Out of 100 people:

- 11 are in Europe
- 5 are in North America
- 9 are in South America
- 15 are in Africa
- 60 are in Asia
- 49 live in the countryside
- 51 live in cities
- 75 have mobile phones
- 25 do not
- 30 have internet access
- 70 do not have the availability to go online
- 7 received university education
- 93 did not attend college.
- 83 can read
- 17 are illiterate.
- 33 are Christians
- 22 are Muslims
- 14 are Hindus
- 7 are Buddhists
- 12 are other religions
- 12 have no religious beliefs.
- 26 live less than 14 years
- 66 died between 15 - 64 years of age
- 8 are over 65 years old.

CALGARY MUFFLER

NATIONALLY GUARANTEED

EXHAUST & TIRES

AL HAGEL

Fax: (403) 255.8982
Tel: (403) 253.0903

5908 D, Macleod Trail S.W.
Calgary, Alberta T2H 0K1

Think about this - If you live in your own home, are able to eat full meals and drink clean water, have a mobile phone, can surf the internet and went to college, you are in a miniscule percentage of the population and are a highly privileged person this day. (This equates to being in the less than 7% category) amongst 100 persons in the world - only 8 will live or exceed the age of 65!

If you are already over 65 years old - be content, grateful and thank God; cherish life, grasp every moment.

If you did not leave this world before the age of 64, like the 92 persons who did pass before you, you are truly blessed amongst mankind. Take good care of your own health. Cherish every remaining moment.

Just Say 1-2-3

A man, getting on in years, finds that he is unable to perform in the Bedroom. He goes to his doctor who tries a few things, but nothing seems to work.

Finally, as a last resort, the doctor refers him to an African Medicine Man.

The Medicine Man says, 'I can cure this.' With that said, he throws a white powder into a flame and there is a flash with billowing blue smoke.

Then the African medicine man says 'This is powerful healing but you can only use it ONCE a year. All you have to do is say '123' and it shall rise for as long as you wish!'

The man then asks 'What happens when it's over and I don't want to continue?'

The Medicine Man replies 'When your partner can take no more and is completely exhausted, all she has to say is '1234' and it will then go down. But be warned, it will not rise again for another whole year!'

The old gent rushes home, anxious to try out his new powers. That night he showers, shaves and smothers himself in aftershave.

He slides into bed, cuddles up to his wife and says '123' and he feels a sudden movement in his trousers just as the Medicine Man had promised. His wife turns over and asks 'What did you say '123' for ?

**A friend suggested
putting horse manure
on my strawberries...
I'm never doing that
again, I'm going back
to whipped cream.**

'56 BUICK CENTURY DASH

as suggested by Michel Gelin

My brother sent me this “artsy” photo of his '56 Buick Century dash.
He took it in his garage with only the car lights on, no house lights.
I like it!

MURPHY'S GENERAL LAWS

- Nothing is as easy as it looks.
- Everything takes longer than you think.
- Anything that can go wrong will go wrong.
- If there is a possibility of several things going wrong, the one that will cause the most damage will be the one to go wrong. Corollary: If there is a worse time for something to go wrong, it will happen then.
- If anything simply cannot go wrong, it will anyway.
- If you perceive that there are four possible ways in which a procedure can go wrong, and circumvent these, then a fifth way, unprepared for, will promptly develop.
- Left to themselves, things tend to go from bad to worse.
- If everything seems to be going well, you have obviously overlooked something.
- Nature always sides with the hidden flaw.
- Mother nature is a bitch.
- It is impossible to make anything foolproof because fools are so ingenious.
- Whenever you set out to do something, something else must be done first.
- The Light at the end of the tunnel is only the light of an oncoming train.

MURPHY'S OTHER 15 LAWS ...

- Light travels faster than sound. This is why some people appear bright until you hear them speak.
- A fine is a tax for doing wrong. A tax is a fine for doing well.
- He who laughs last, thinks slowest.
- A day without sunshine is like, well, night.
- Change is inevitable, except from a vending machine.
- Those who live by the sword get shot by those who don't.
- Nothing is foolproof to a sufficiently talented fool.
- The 50-50-90 rule: Anytime you have a 50-50 chance of getting something right, there's a 90% probability you'll get it wrong.
- It is said that if you line up all the cars in the world end-to-end, someone from Alberta would be stupid enough to try to pass them.
- If the shoe fits, get another one just like it for your other foot.
- The things that come to those who wait, may be the things left by those who got there first.
- Give a man a fish and he will eat for a day. Teach a man to fish and he will sit in a boat all day drinking beer.
- Flashlight: A case for holding dead batteries.
- God gave you toes as a device for finding furniture in the dark.
- When you go into court, you are putting yourself in the hands of twelve people, who weren't smart enough to get out of jury duty.

Facts About Bats

The newsletter from "The Alberta Gardener Seeds" said: Put up a bat enclosure to encourage the presence of these shy animals. Bats consume 3,000 or more mosquitoes and other insects nightly and bats are statistically less likely to be rabid than dogs.

Need another reason? Bats are responsible for up to 95 percent of the seed dispersal essential to the regeneration of forests.

Our planet is populated with plenty of bizarre and astonishing creatures. Here are three from the Bat Family. **So, 2 out of 3 bats have a useful purpose! If we could just train the last one to eat mosquitoes, or do anything useful, other than take selfies' and spend or give our money away.**

Sucker-footed Bat

CARS FOR SALE

ESTATE CARS FOR SALE

The family of former APAC club member Vince Mandaione have decided it's time to find new custodians for his cars. Vince owned and restored these two treasures for around 40 years. After his passing, they have stayed in the garage and have only been started and driven occasionally, so the time has come to find new enthusiasts who will own and enjoy them.

1927 Ford Model T Touring – restored in the early '80's to original condition, driven on many tours and club events, also participated in the Calgary Stampede parade for many years. Good reliable T to enjoy with family or friends. Lots of the cars history and restoration photos included.

Asking \$ 15,000.00 or best offer.

Please call Rosaria O'Bray at 403-703-6968 or email inquiries to robroy73@gmail.com

*06/21

1926 BUICK McLaughlin Standard 6 four door sedan – restoration carried out in the late 80's; 207 cid original 6 cylinder engine, 3 spd std, accessory heater, blue cloth interior. Vintage car attraction with all the comforts of a heated closed sedan for those cold weather outings. Nice older restoration driver with history and photo's supplied.

Asking \$18,500.00 or best offer.

Please call Rosaria O'Bray at 403-703-6968 or email inquiries to robroy73@gmail.com
